

Electrical Maintenance Fitter

COMPANY: **AMETEK**

AMETEK, Inc. is a leading global manufacturer of electronic instruments and electromechanical devices with annual sales of approximately \$5B. AMETEK is well positioned in highly competitive market segments, each with compelling growth characteristics. We expect continued business growth through the execution of our four key strategies: Operational Excellence, Strategic Acquisitions, New Products, and Global & Market Expansion. Supporting those strategies are 18,000 associates employed across 30 countries.

At AMETEK, we are committed to a corporate culture that values diversity and fosters a work environment that enables colleagues to develop meaningful and rewarding careers. We consider ourselves responsible corporate citizens and are committed to operating our facilities in an environmentally responsible manner. We also are sensitive to the needs of our communities, and, as a company, support programs that help those communities meet their health, education and social needs.

AMETEK is publicly traded on the New York Stock Exchange (NYSE: AME) and a component of the S&P 500.

BUSINESS UNIT:
SPECIALTY METAL PRODUCTS

This role is based in Plymouth, UK at Fine Tubes Limited, which is part of AMETEK's Specialty Metal Products division.

We manufacture high quality precision metal tubes for demanding technical applications in Aerospace, Nuclear, Energy, Medical, Oil and Gas and High-Performance industries.

We are currently seeking an Electrical Maintenance Fitter who will be responsible for preventative maintenance as well as responding to emergency machine break downs throughout the plant. They will have involvement with new design, installation and movements of existing machines, overhaul and repair of machines and equipment as well as ensuring machines and equipment on site are safe, working efficiently and fit for purpose.

KEY RESPONSIBILITIES

- Promote and carry out Preventative Maintenance.
- Ensure all machines are safe and fit for purpose.
- Installation of new machines and equipment.
- Overhaul, upkeep and repair of all plant machines.
- Working knowledge of PLC control (preferably Rockwell Automation) sensors and automation equipment.
- Electrical Installation.
- Review and advise on Engineering requirements and drawings.
- Work with and install single phase / three phase electrical circuits.
- Actively promote safe working practices.
- Work with and co-ordinate Contractors.
- Undertake repairs and servicing to the highest standard in accordance with work requests and pre-determined specifications.
- Fault Finding, testing, and the removal or adjustment of existing fittings, fixtures and parts.
- Where a detailed specification is not provided, determine the cause of the fault and then undertake the most cost-effective solution to remedy the defect.
- Contribution to the company objectives and values.
- To adhere to Company Rules / Health and Safety / Environmental Standards and Practices.
- To attend training and continuous development opportunities as required.
- Continuously look for improvements to the service and for effective good practice within the role.

The successful applicant will be highly motivated and self-driven.

ESSENTIAL REQUIREMENTS

- Minimum of 3-5 years of experience within an Electrical Maintenance role
- Apprenticeship in Electrical Engineering
- Minimum of a BTEC Level 3 or ONC (or equivalent)
- Ability to undertake shift work (Annualised Hours pattern), overtime and call outs as required
- Effective communication skills including internally and with Contractors
- Ability to work unsupervised
- Self-motivated
- Strong interpersonal skills
- Technical background

PREFERRED REQUIREMENTS

- Previous Electrical Maintenance experience within a Manufacturing environment would be highly desirable.
- Good IT Skills

ROLE INFORMATION

- The successful candidate will work on an Annualised Hours Shift Pattern, including overtime and call outs as necessary.
- Applicants who are shortlisted for interview will be required to undertake and pass a Drug and Alcohol Test prior to being offered the position.
